

ITA COSUF

ITA Committee on
Operational Safety of
Underground Facilities

ITA COSUF Membership Subscription Form

ITA invites all parties world-wide interested in operational safety and security of tunnels and other underground facilities to become member of ITA COSUF. Membership gives access to all ITA COSUF activities and helps improve underground safety and security.

Membership in ITA COSUF is open to corporate members and individual members. Corporate members can send up to 4 staff to all ITA COSUF activities (activity groups, private workshops reserved for ITA COSUF members, reduced fee when relevant for open events organised by ITA COSUF, etc.). The annual membership fee is:

EUR 250 for public organisations, educational institutes, bodies with less than 10 staff and individual members,

EUR 500 for other corporate members.

Membership in ITA COSUF is subject to acceptance by its Steering Board. It is not bound to membership in ITA or vice versa. Of course, membership in both is possible and welcome.

To apply for corporate membership, please fill in the first form below. For individual membership, please use the second form (next page). The completed subscription form has to be returned to the ITA Secretariat. After receipt and acceptance, you will receive a confirmation and an invoice.
